## PROFIT WARNING

This announcement is made by Zhong Ju Investment Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The Board of Directors (the "**Board**") of the Company wishes to inform shareholders of the Company (the "**Shareholders**") and potential investors that based on the information currently available to management of the Company and a preliminary review and assessment of the Group's latest unaudited consolidated management accounts (the "**Management Accounts**") for the six months ended 30 June 2026 (the "**Period**"), the Group expects to record a revenue of approximately RMB426.4 million for the Period, while the revenue for the six months ended 30 June 2025 (the "**Corresponding Period Last Year**") was approximately RMB454.2 million. The Group expects to record a consolidated loss attributable to owners of the Company of approximately RMB21.8 million for the Period, representing an increase of 36% as compared to the consolidated loss attributable to owners of the Company of approximately RMB16.0 million recorded for the Corresponding Period Last Year.

The Board considers that the increase in the expected consolidated loss after tax for the Period was primarily attributable to the impact of the macroeconomic environment and the sustained intense price competition in the automotive industry, with the inversion between new vehicle selling prices and costs being the principal factor contributing to the loss. At the same time, the Group's optimization and rationalization of underperforming stores also resulted in a decline in after-sales revenue and gross profit contribution.

The Company is still in the process of finalising the interim results of the Group for the Period. The information contained in this announcement is only a preliminary assessment by the Board based on the Management Accounts and the latest information currently available, which have not been reviewed by the auditor or the audit committee of the Company and may be subject to adjustments. Finalised interim results for the Period may be different from what is disclosed in this announcement. Shareholders and potential investors are advised to read the Group's interim results announcement for the Period, which is expected to be published at the end of August 2026.

**Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.**
